

## Dr. Richard Field and Jim Panos Honored

The Manhasset Club of Manhasset held a Celebration Luncheon on Nov. 2, 2006, honoring Jim Panos and Dr. Richard Field for their combined 110 years of community service to Manhasset.

Jim Panos, formerly of Manhasset, now residing in Port Washington, was an owner of Travel Scope and for many years lived and worked in Manhasset, during which time he promoted the numerous charitable activities of Kiwanis, faithfully took notes at each meeting and edited the bulletin. Jim and his wife, Keli, were regular greeters and servers at the annual Pancake Breakfast, which raised money for scholarships.

Jim and Keli Panos devoted thousands of hours enriching the lives of blind children and adults through the work of the Helen Keller Institute.

Dr. Richard Field and his wife, Lucy, lived and worked in Manhasset, where their two daughters were raised. Dr. Field, a dentist in private practice, also cared for needy children and adults in the community, who could not afford dental work.

Dr. Field also volunteered his time and concern for the homebound elderly by delivering "Meals on Wheels." Dr. Field is a passionate gardener and horticulturist; the proceeds of his vegetables and beautiful flowers help raise money for charitable work.

Jerry Rudnick, Jim Panos, Dr. Richard Field, Diane Harragan, Joe Corace, Kiwanis NY State Governor and John Laleng.

The event was attended by 35 members and friends of Kiwanis, including Jon Kaiman, town supervisor, Brenda Damiani and Dr. Sharp of the Manhasset Schools and representatives of the Helen Keller National Society. Keli Panos and Lucy Field contributed memorabilia, which were on display. Diane Harragan, president of Manhasset Kiwanis, presided at the event. Rita Eredics was luncheon chairperson. Pasquale Veneziano, general manager of the Port Washington Yacht Club, arranged the catering, assisted by Matthew Blankman and staff.
